

Instructor Bio: **Sherri Trithart**

Sherri Trithart is a professional groomer who has over 25 years of experience working with many different breeds of dogs. As a young girl her love of animals was evident in every single stray she brought home. When her parents bought the family a little terrier poodle mix in December of 1989 **Sherri** began her training and grooming learning.

Having apprenticed under different groomers and all breed dog handlers over the years, **Sherri** offers different types of grooming such as teddy bear cuts, dog show breed specific grooms, hand stripping, and basic shave downs.

Sherri is still very active in the dog world and her children are active as well. They compete in dog shows all over BC, Alberta and Saskatchewan. Her list of accomplishments in conformation, agility, flyball, rally obedience, herding and earthdog are too numerous to list. She has clients bring her dogs to work with from their young pup to their seasoned veteran.

Treeheart S'paw opened their doors January 2015. The grooming salon is in her home so that your pet isn't in a cage before and after its groom. She is also a mobile groomer and handles grooming at the *Irricana Kountry Kennel*.

Sherri takes her time learning specific traits and quirks and work with them and the owner to bring out the best in the pup or kitty. Sherri's knowledge dogs and their behaviour puts your pets at ease and makes their grooming experience a pleasant and positive one.
